Welcome!

The first Long Island Science Congress was held on May 20th and 21st, 1950 at what was then known as Adelphi College in Garden City. The Congress has met in various editions and in several locations throughout these many years. We are honored and most happy to be able to carry on the tradition established by those dedicated persons over six decades ago.

Our Congress committee is pleased to welcome all participants, their teachers, and parents, on behalf of the Science Teachers Association of New York State (STANYS), and The Wheatley School, our host institution. Please enjoy the program!

Awards Chairperson:

Mrs. Jill Concannon

email: jillenor@aol.com

Thank You!

Our thanks to all those who have given support, aid and encouragement to the Long Island Science Congress. These include:

- *Dr. W. Hubert Keen*, President, Farmingdale State College of New York College;
- *Professor Karen Escolas*, Professor; School of Medical Technology and Allied Health Sciences, who is Farmingdale State College liaison to Long Island Science Congress;
- Numerous other *members of the staff at Farmingdale State College*;
- The *donors of awards* for both our Congress divisions;
- The *administrations and staffs of the schools* of numerous of our Committee members, people who give kind and willing support and who enable the participation of those members;
- *Science Congress liaison teachers* who cooperate in systematic and orderly assembling of application materials, and in the timely and efficient transmission of those materials to our Committee;
- *The judges*, who give unstintingly of their time and talents in the judging of the projects at this Congress. We express our appreciation also to the schools, colleges, laboratories and businesses that have provided release time for this purpose.
- *Mr. Ron Kiceina*, whose encouragement and support, exemplified by his commitment and dedication to Long Island Science Congress, allow LISC to utilize computer technology more effectively in data and time management.
